

a Origin sensitivity under analytical $p < 0.05$

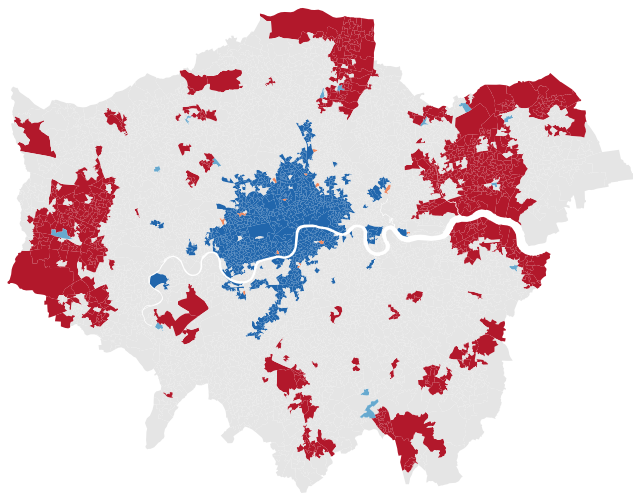

Centroid-to-grid reclassification of caregiving high-high clusters

never high-high	new high-high
no longer high-high	stable high-high

b Grid-informed clusters after permutation and BH-FDR

9,999 conditional permutations;
 $q < 0.05$; seed 20260805

High-high mismatch cluster	High-low spatial outlier
Low-high spatial outlier	Low-low surplus cluster
Not significant
